

## Preparing Next Republican Convention

-Obama and drunken Irish priest and union honcho's  
Jew-slut in a rowboat after Chinamen bomb us?

-And Obama says?

-Well at least it drove the spicks back to Mexico!

-Not bad.

-Some rough edges, I know. Keynoter asked me to write him  
some gags.

-Might hafta PC it up a bit.

-Well we certainly don't wanna get as pussy as the other gang.

-Now that's impossible. And they'll hardly be funny, bashing  
Wall Street incessantly.

-The irony. Sixty percent of their funding comes from...!

-Let's not go there!
